Roadmap Update

1. Painting the picture
2. Future Development
3. Product Vision
4. Business Continuity

What are the risks?

Key Man
Dependency

Flooding or
Fire

Theft

Facility Issues

Nationwide/Global
Health Issues

Business Continuity

Covid-19

What can everyone
with desktop payroll
do right now?

Download the payroll application on to a
laptop or home computer and backup
payroll data

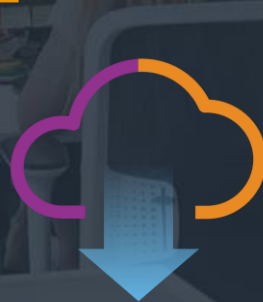

Other measures

Option 1

Sign up to a managed payroll service.

Option 2

Use hosted services to avoid having installing software on specific devices/servers

Option 3

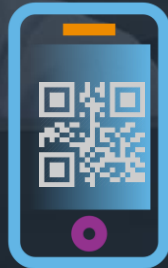

Use remote desktop systems (RDP) to access desktop applications from anywhere

How does managing assets help continuity?

- Company wide log of assets
- Tracking home working capabilities
- Managing valuable assets
- Insurance – should the worst happen
- Avoiding issues occurring

Manage
your assets

How can IRIS support asset management?

Cloud based with
mobile app

Track tangible and
intangible assets

Manage scheduled
maintenance

Manage legislative
compliance
